Annual Palomino Student Christmas Shopping Event 2021

Same but Different!

On Saturday, December 18th the Hope Chest Thrift store opened its doors to the students of Palomino Primary & Intermediate schools for our Annual Palomino Student Shopping Event. For more than twenty years, students from these two schools were bused to our Bell Road Thrift store and allowed to purchase two gifts for family members. Over the years, this event had grown and included more and more potential gifts items and tons of volunteers. In the Fall, we looked forward to planning this event, however, the Paradise Valley School District informed us that they did not have enough bus drivers to transport the children to any of our thrift stores.

The Retail staff and the Stores Committee members were not content to allow another year to pass by without the students from these two schools having the opportunity to shop for their loved ones. So, like many of our other Diocesan programs, we adapted the project to accommodate the new conditions that we faced. Donors were contacted and stepped forward to provide \$25 thrift store gift cards for every student. A date was set, the store hours were modified to give these families a four- hour window to shop uninterrupted by the public, and plans were put in place to make sure that this was a special day for these young shoppers.

While the gift cards are good for any of our stores, students and their families were encouraged to come to the Hope Chest on the morning of the 18th. Extra gift items were secured and placed throughout the store including gifts items for brothers & sisters, mom & dads or grandparents. Dozens of corporate and Vincentian volunteers made goodie bags with gift cards in them to be delivered to the schools, helped to set up the store the evening before, and were on hand to help the young shoppers find the items they wanted. Santa Claus and Christmas carolers were also on deck to create a festive atmosphere and to bring Holiday joy to everyone. The ACS Vibrant Vinnies youth conference provided a free gift wrapping service and each student shopper received cookies, a candy cane, and a free book of their choice.

Hundreds of children and their families experienced a special time that morning. The store even opened its doors early as dozens of families arrived early and were waiting outside just to be part of the day. Love, laughter, joy, and Christmas cheer filled the store as these students had the opportunity to know first-hand the beauty of giving to others.

Although the day was different from past events, the heart of this project was the same. The generosity of those who made the event possible, the excitement and appreciation of the children and their families, and the joy of caring for others filled the air as everyone shared in the anticipation of the coming of the Christ child and in sharing His love with others not only through physical but through the gift of caring.

FOUND

Or what woman having ten coins and losing one would not light a lamp and sweep the house, searching carefully until she finds it? And when she does find it, she calls together her friends and neighbors and says to them, 'Rejoice with me because I have found the coin that I lost.' (Luke 15:8-10)

Regardless of our views about COVID and the pandemic, we cannot deny that it has brought about challenges and changes for all of us. Many individuals have lost family members, friends, and even a sense of security and well-being. Although the Councils and Conferences associated with the Phoenix Diocesan Council of the Society of St. Vincent de Paul responded quickly and effectively to the challenge of serving the poor admits a pandemic, we too have experienced loss including the loss of many of our conference members. Of course, we mourn and pray for our deceased members, but what are we doing for those who have simply walked away from their Vincentian call?

Attending Vincentian meetings through conference calls and internet gatherings was necessary, however, it was not the same as sitting and praying together face-to-face. The same was true for our interactions with those whom we serve. We took comfort in knowing that we adapted and did our best to meet the needs of the poor and vulnerable but we longed to be with them in their homes, in our dining rooms, in our thrift stores, and in all of our programs. The strength of the Society has always been in our personal interactions and so, for most of us, indirect interactions left our hearts and our spirits somewhat unfulfilled and lonely.

On the positive side, the pandemic has allowed many people to take a deep breath, to evaluate what is truly important in life, to reset priorities, and to slow down from the busyness of life before COVID. In a recent conversation with Bishop Olmsted, he pointed out that most parishes in our Diocese have seen an influx of people wanting to join the Catholic Church. Many of our area conferences have also experienced a new level of interest in people wanting to join the Society and, as exciting as that interest is, we must not forget about those members of our conferences and our parishes that have walked or fallen away.

Being separated for an extended period of time from the mass, the Eucharist, and fellow Vincentians can lead people away from the Church and their Vincentian vocation. Those of us that are still connected to the Church and the Society must be like the women in this parable. We must light our lamps with the love of Christ and reach out to other parishioners and Vincentians who have fallen away because of the pandemic. They are an important part of who we are and their absence leaves a void in our parishes and in our conferences. We must do everything we can to reconnect them not because we need more members, but because they are part of our family. A phone call, a card, a mass intention, a small gift, a visit by a couple of members, prayers, an open door, and open hearts can make a real difference to the members who have not yet returned to our parishes or our conferences. Just like the coin in the parable, each person matters and is an important part of who we are. I pray that no Vincentian is lost because we, their brothers and sisters failed to search for them.

New Conference Rental Assistance Payments Policy:

All conference and District Councils are reminded that as of January 1, 2022, all rental payments for those whom we serve must not include the use of checks or money orders. If you have questions, please see the Frequently Asked Questions & Answers on this policy contain in this Newsletter or contact Marc Anderson.

Conference and Council Audits:

Did you know that all Conferences associated with the SVdP Phoenix Diocesan Council are required to have yearly financial audits? Article 18 of the current Conference bylaws states, "Each Conference will undertake annually an audit and report the results to the attached District Council and shall submit in a timely manner quarterly and an annual report to their District Council."

January is the perfect time for Conference and Councils to have their audits conducted. See the requirements below.

1. Audits need to be performed annually for each District and Conference.
2. Annual audits may be conducted by any of the following: (1) One or more members of the Conference or District not associated with the Treasurer's position (2) A qualified non-member such as a CPA or Certified Internal Auditor, or by (3) The Council's Conference Accountant.
3. Officer Change Audits (OCA) must be performed for each District or Conference in the fiscal year of a change in officer for either the President or the Treasurer. It is recommended that this audit be conducted within 120 days after the officer change occurs.
4. Officer Change Audits (OCA) must be conducted by (1) One or more members of a Conference outside of their District (2) A CPA or Certified Internal Auditor, or by (3) The Council's Conference Auditor with preference for the Council's Conference auditor.
5. Within every five (5) years, each Conference must have one (1) audit performed by or performed in conjunction with the Council's Conference auditor.

Conference Housing Assistance Payments Policy FAQs

What is the new policy?

- Effective January 1, 2022, all housing assistance payments to landlords, hotels, and mortgage companies, on behalf of those we serve, must be made by credit card, debit card, or PayPal type service. Housing payments may not be made by cash, check, ACH or wire transfer.

Why has this policy been adopted?

- The SVdP National Council, after consultation with its legal and financial advisors, has informed us that housing assistance payments made by a Council or its Conferences to a landlord, or hotel that equal or exceed \$600 in a calendar year must be reported to the IRS for tax purposes. This would place an extraordinary administrative burden on our Conferences and Council if we continued to make these payments by check. It would also be very difficult for us to ensure we were completely compliant with IRS regulations.

If checks can't be used, what forms of payment are acceptable?

- Payments made to the landlords using a debit or credit card.
- Payments made to the landlords using a payment service such as PayPal. Our Council's CFO must confirm that any such payment service fully meets IRS reporting requirements.
- Providers of these payment methods are required by law to issue Form 1099s.

Will landlords accept the new way of making payments?

- This depends on the landlord. The initial feedback from the Conferences is that some will, and some will not. Some of the landlords who do not currently accept these payment forms may be willing to make adjustments in their processes to accommodate.

What are the options if a landlord will not accept these payment forms?

- The policy adopted by the Board requires finding other ways to assist clients financially, such as providing food and/or utility assistance.

What should a Conference do to prepare for this change?

- Conferences should contact the landlords they currently have a relationship with and explain the change and ask what payment methods/services they accept. If possible, Conferences should meet with the landlords in person. This will help further the relationship and is an opportunity to reinforce the SVdP mission and how their tenant and their business benefit as a result.

- Reach out to your banker if necessary to arrange for the issuance of debit and or credit cards tied to the conference bank account(s). Consider activating any alerts for the credit and debit cards that may be available. This will allow conferences to track the card use in real time.
- Consider prepaying January rent prior to January 1st.

How does a conference set up an account such as PayPal?

- There are several payment services. Before creating an account, you will need to confirm with our Council's CFO that they are an acceptable payment provider.
- These providers have been confirmed as meeting IRS requirements:
 - PayPal
 - Zelle
 - Venmo
 - Cash App
 - Pay Lease
- Most of the pay services can be accessed online. Use their website to set up an account.
- For the name on the account use the Conference trade name. You can find your trade name on the Arizona Secretary of State website.
- You will need the SVdP EIN 86 0096789

May we use other payment methods such as a money orders, cashier's checks and ACH transfers?

- No. These methods do not incorporate the required 1099 reporting.

May payment for the rent be made directly to the client who is being assisted?

- While there is no rule that payments cannot be made to those being assisted, it has been a long standing SVdP practice to not provide funds directly to a person being assisted. This is to ensure that the funds are used for the intended purpose.

May prepaid AmEx, Visa, or Mastercard gift cards be used as a payment method?

- Yes, assuming the landlord will accept. Prepaid gift cards are considered a credit or debit card and in compliance with the policy.
- Prepaid gift cards should be used when the client being helped will have access to the card information. When used for a particular case, prepaid cards should be purchased for the total amount due including fees but no more than the amount being paid. This limits risk.

When making payments what options may be available?

- Many landlords provide tenant portals. Conference members with the client's permission may be present to facilitate the payment thru the portal.

- Some landlords have indicated they have portals for groups like SVdP to help their tenants. Contact the landlord to inquire about these.
- Some of the Conferences have reported that Walk in Payment Stations (WIPS) are available in Fry's and Walmart stores. The WIPS may also be an option to make rent payments. The tenant or the landlord may have more information about use.

Should we use our bank issued Conference debit or credit card to make a payment thru the client's tenant portal?

- This practice is strongly discouraged. This exposes the Conference to significant risk of fraudulent activity with their credit and debit card accounts.

What happens if a Conference does not use the approved forms of payment?

- All members of the Society must recognize that we are one organization. Acts that are not in compliance with existing laws or rules put the entire organization at risk. At a minimum this would put our entire Society at risk of incurring severe IRS penalties. It could also jeopardize our status as a public charity, meaning that we would no longer be tax exempt and that our donors would no longer be able to deduct for tax purposes contributions to SVdP.

What if we have questions that are not answered here?

- Please contact Marc Anderson (SVdP CFO) at 602 261 6802 or manderson@svdpaz.org.
- We will update this FAQ as questions are raised by the conferences.

A gift through the Vincentian Annuity will give you the security of a fixed income over your lifetime and provide support for St. Vincent de Paul that will last **forever.**

As an example, Helen, an 80-year-old widow and St. Vincent de Paul volunteer, recently established a \$50,000 Vincentian gift annuity. For her age, the annuity rate is 6.8%, meaning she'll receive \$3,400 annually for the rest of her life. And, she may take an income tax deduction of about 50% of her gift this year. Best of all, her gift will support St. Vincent de Paul's work for generations to come. Annuity gifts start at \$10,000.
