

SVdP Helping from Home Guide

For nearly 75 years, St. Vincent de Paul in Phoenix has worked to feed, clothe, house, and heal our neighbors in need. St. Vincent de Paul is all about human connection and social embracing. During this uncertain time when we can't really do that in person, we are continuing to do our best to serve those in need of life-saving care while still mitigating the spread of COVID-19. That means asking our beloved volunteer family to stay at home for now. Please take all precautions to keep yourself and those around you healthy. We are so grateful for your continued support.

Although we're not seeing you in person, there are still ways you can stay connected:

FUNDING:

While many things in the world may seem uncertain right now, one thing is still certain—the lasting impact of kindness and compassion. We have launched the “ALL IN” Campaign and are inviting the community to be ALL IN on kindness and ALL IN to support each other.

For some, it may be simple actions like calling an elderly neighbor, leaving a carton of eggs for the next shopper, or sharing a smile as we pass each other at a distance. For others who would like to directly support people impacted by COVID-19, donations can help provide meals, rent and utility bill assistance to help stabilize families in crisis. In just a few short weeks or months – for many of our most vulnerable neighbors – there will be no more money from the stimulus checks. There will be no more time to defer rent payment or utilities. WE will need to be the friends and family who, with deep care, come alongside them and lift them back up. Will you provide an extraordinary act of generosity during these unprecedented times?

Donations toward St. Vincent de Paul's Family Relief Fund can be made at: <https://www.stvincentdepaul.net/FamilyRelief>
To learn more about our ALL IN campaign: www.stvincentdepaul.net/svdp-blog/spread-kindness

With your help, we will do everything in our power to continue to meet the needs of neighbors in our community.

SUPPLIES:

You can purchase and mail our most needed supplies through our Amazon [Wish list](#), or you can drop items off in person during traditional business hours at 2120 S. 3rd Drive, 85003.

Even though you may not be able to collect items in person, our community drives manager would love to help you set up a “virtual” drive: <https://www.stvincentdepaul.net/give/organize-drive>:

PANDEMIC SUPPLIES & HYGIENE ITEMS:

PPE (Personal protective equipment) such as masks, gloves. Hand sanitizer. Disinfectant spray & wipes. Diapers. Dish detergent. Toiletries. Disposable, large, durable, washcloths, wet wipes, face wipes, and hand sanitizing wipes. Anything we can provide guests who need a shower and can't get to one.
